A DAY WITH THE SENIORS OF A. H. S.

In the far west end of the "Halls of Learning" the seniors assemble to begin the duties of the day. As the bell sounds the call to duty,—class '20 bows in holy reverance to the power of the Almighty,—as humble supplicants seeking care and guidance in the perplexities of the day. And thus in an atmosphere of consecration and spiritual up-lift the Seniors begin their work. The first class, English, is spent with Mrs. Benoist, instructor. This course is probably the most interesting of the curriculum—the whole year being spent in delving in the classics and browzing and dreaming over beautiful poetry. At the end of this period the students pass into the room wherein the languages are taken under the able and efficient tutelage of Miss Reardon. Only a few of the students are taking Latin—but these few are getting a course that cannot be excelled or probably for that matter equalled anywhere—and in later years these students will undoubtedly feel amply repaid for their laborious digging and delving in the "Dead Language."

Passing from the "dead" to the very much "alive,"—the students take as their next subject trigonometry—with Mr. Hall as professor. Class '20 has quite a number of mathematical sharks, and Mr. Hall is steadily bringing them to the front. The last period taken in the fore-noon, but not by any means the least, is civics, with Miss Ficklin as expounder, civics is undoubtedly the most essential and withal the most practical part of every man's education,—and particularly so at this period of our country's development. Class '20 is certainly going into this subject with its whole heart and soul, and practically every day the class room is the scene of heated political discussion and debate. If the latest reports are true class '20 has a number of embryo politicians in its midst.

And now comes the lunch period—and it is hardly necessary to say that this is the most enjoyable period of the day. At 12.30 the class reassembles for the noon work—science being taken as the first subject. Class '20 is very fortunate in having a laboratory, in which they get a practical view of what would otherwise be a very theoretical subject. Class '20, too is fortunate in having as professor, Mr. Hayden. Mr. Hayden not only knows his subject, but he knows how to teach it. At the end of science comes more mathematics, algebra, taught by Miss Dickert. Algebra seems to be a struggle with all 4th year classes, but we feel assured that class '20 through the able and painstaking assistance of its teacher will come out on top.

And then as a diversion from the deeper subjects, the seniors take their French class. French is very popular at A. H. S., especially so, as taught by Miss Iden.

And thus ends a Senior's day.

Why says that A. H. S. doesn't give a good stiff course?

Fix Primary Date

City Democratic Committee Will Meet Tonight

The city democratic committee will hold a meeting at 8 o'clock tonight in the office of Howard W. Smith, 109 North Fairfax street, when arrangements will be completed for a democratic primary for the purpose of electing delegates to the state convention which will be held in Roanoke May 19.

All who desire to enter the race must file notice of their candidacy tonight and also deposit the sum of $10 to help defray the expenses of the primary.

At the meeting tonight a date for the primary will be determined upon and all other arrangements completed.

REVIEW OF MONTH'S WORK OF COMMERCE

Monthly Letter Shows Activities During Past Month

MONEY FOR ROADS

Plans Under Way For State Convention of Retail Merchants in Alexandria May 19 and 20.

The monthly news letter of the Chamber of Commerce just submitted to its members follows:

There was an interesting meeting of the directors of the Chamber of Commerce held at 11 o'clock on the morning of April 12th, the executive committee having invited the president and directors of the Washington-Virginia Railway to be present, the regular order of business was dispensed with for the time being and undivided attention was given to the conditions existing on the electric road and what was being done to relieve the situation. It is of the utmost importance to the citizens of Alexandria that we have efficient service, this we are entitled to, and we believe that the management of the Washington-Virginia Railway recognize this, we believe that good management is the most essential thing, the finances would take care of themselves if the management was sound. They do enough business to make money, in their statement to the holders of bonds, notes and stock, under date March 24th, 1920, they admit that they were granted increases in fares ranging from 25 per cent. to 60 per cent and yet if you compare the Railway operating expenses for the year 1919 with their estimates of operating expenses for the year 1920 it only shows an increase of 5.28 per cent in their expenses which would indicate that the increases in fares were sufficient for all purposes.

A committee from the Retail Merchants and the Civic Bureaus have been busily engaged in arranging and completing plans for "A clean up week" for our city, and are co-operating with the Health, City Engineer and Police Departments in bringing about the desired results. This is a very commendable undertaking and should meet with a hearty response from all citizens in cleaning up their premises and getting the trash out in an accessable place for the cart when it comes around.

While the Chamber of Commerce has been unable to get the improvement as advocated by them on the Little River Turnpike they have been able to get an appropriation of $100,000.00, which will apply on the improvement of the Alexandria-Washington Turnpike, known as the river road. It is understood that work will be commenced on this road just as soon as the contract can be made, when completed this will give us a modern road all the way to Washington and the trip could be made in from seventeen to twenty minutes. It might be interesting to note that there is now available for road building in the United States more than one billion dollars, and a recent act of Congress directs the Secretary of War to transfer certain surplus Army equipment to the Department of Agriculture, making available for distribution to the states millions of dollars worth of machinery for highway construction. The machinery will be allotted in the same ratio as funds granted to the states for federal aid in road building, this material is in addition to approximately 22,000 Army motor vehicles which have already been allotted to the states through the Department of Agriculture in accord with previous legislation. Among the score of items listed in the law are: road-rollers, sprinkling wagons, concrete mixers, derricks, complete pile-driver outfits, clam shell buckets, caterpillar and dragline excavators, plows, cranes, dump wagons, hoisting engines, stump pullers, wheel-barrows, blasting machines, corrugated metal culverts, surveying instruments, drafting machines, fabricated bridge materials, gravity and power conveyors and wagons.

The Federal Government is to be reimbursed by the states by a sum equal to twenty per cent of the value of the material less all freight charges incurred in delivering the property. The title remains vested in the state for use in improving highways. This will be turned over by the War Department through the Bureau of Public Roads.

The meeting of the Retail Merchants Bureau was held Thursday evening, April 15th, at eight o'clock, there was a large attendance and considerable time was consumed in going over with representatives of the Alexandria Gazette the best method of making the paper of more value as an advertising medium. The question was freely and frankly discussed and everybody seemed much pleased with the efforts and plans of the management of the Gazette in making it a better paper for the reader as well as the advertiser, in order to accomplish this it will be necessary for all merchants who advertise to contract for a certain number of inches per annum to insure the success of the plan and it is expected that all merchants will co-operate.

Plans were also made for the State Convention of the Retail Merchants which is to be held in the Auditorium of the Chamber of Commerce, May 19th and 20th, 1920. This Bureau is entitled to seventeen delegates. Members will be duly appointed on the reception and entertainment committees and it is hoped that all members will be active and strive to make this convention a successful one from every standpoint, attendance at these meetings cannot help but be beneficial, and the member who takes time to attend cannot but feel amply repaid for the time spent.

At the last meeting of the Retail Merchants it was decided that the next "Dollar Day Sale" would be held on the second Wednesday in May, this would be the 12th of May and the merchants should see to it that this sale comes up to past records as they are getting a good reputation to live up to.

The question of retaking the census in Alexandria has been referred to a committee selected and plans will be formulated whereby the correct enumeration of our citizens can be made, when this is done it is hoped that a substantial increase in our population will be the result. This is very important as the final figures given now will have to stand for ten years and as we all know a city is often judged by the increase in its population.

The Civic Bureau held their regular monthly meeting Monday, April 26th, at eight o'clock in the club room of the Chamber and a large membership was in attendance, matters of interest were discussed, The Bureau had the pleasure of hearing a very interesting address by Rev. E. B. Jackson on the historical places in Alexandria not generally known and urged that steps be taken to see that these places be properly marked.

Child Starts Blaze

Herman Reeves, 5 Years Old, Plays With Matches at Home

While playing with matches Herman Reeves, five years old, son of Mr. and Mrs. Edward Reeves, of 706 North Columbus street, at 10:40 o'clock this morning set fire to his parents' home.

The fire was started by the lad in the middle bedroom on the second floor and soon all of the bedding and clothing in the room was in flames. The fire department quickly subdued the blaze, keeping the fire confind to the room in which it originated.

The lad was so frightened that he left the room and went to sleep in a room on the first floor immediately after applying the match.

BANNER POTATO YEAR

In the two peninsula counties of Virginia, Accomac and Northampton, the potato growers are looking forward to a banner year. The potato acreage there this year is greater by 10 per cent, than ever before, according to reports. It is true, that the heavy rains and cold weather of a few weeks ago damaged some seed, but the loss to the crop from this cause is said to be immaterial.

CARRANZA MUST QUIT BY MAY 15

Military Advisors Reported To Have Rendered An Ultimatum

BLOODLESS REVOLT

General Pablo Gonzales Said be Only A Few Miles From The Mexican Capital.

Washington, May 5.—Gen. Pablo Gonzalez, long regarded by Carranza as his stanchest supporter, has joined in the revolution according to advices through official channels. He was a few miles east of the Mexican capital Monday in command of two regiments of Federal troops and had severed both railway lines extending to Vera Cruz.

Another report received here through unofficial channels was that the high military officers whom Carrana summoned in council a few days ago had supplemented their advice to him to resign with an ultimatum fixing May 15 as the limit for his tenue of office.

The reported determination of the military group to force him out of office would go far, officials here believe, to account for the failure that has been met by Carranza in getting under way any offensive campaign. To date the revolution has moved forward without a battle and the report mentioning the ultimatum, added that his military advisers were determined not to follow a course [illegible] country in a long struggle filled with danger of foreign complications.

Gonzales, who was the leading opponent of Obregon for the Presidency until Ambassador Bonillas entered as a candidate, conferred with Obregon just before Obregon fled from the capital, where he was being held as an important witness in a case brought against General Cejudo for sedition. Prior to that a conference had been held between Obregon, Gonzales and Bonillas, at which it was announced Bonillas had been urged by both Obregon and Gonzales to join them in withdrawing their three candidacies in the interest of harmony. Bonillas' refusal was followed by the revolt in Sonora and the flight of Obregon.

DAUGHTERS OF ISABELLA

To Celebrate Fourteenth Anniversary June 10

Court Kavanaugh, No. 54, Daughters of Isabella, held a large and interesting meeting Monday evening in St. Mary's Hall, at which time plans were perfected for the first and second degrees of the order, May 17 on a large class of candidates. The degree work will be followed by a social session.

The dance committee composed of the young members will give an informal dance in Lyceum Hall on May 18. A special committee was appointed for an entertainment and card party to be given Thursday, May 20, in the Lyceum Hall. On June 10 the fourteenth anniversary of the order will be celebrated in a fitting manner. Plans are now being prepared.

GALLIVAN ATTACKS PROHIBITION LAW

Keeps House in Uproar of Laughter Yesterday

WHY ROPER QUIT JOB

Massachusetts Representative Says Bootleggers Have Clientele That Formerly Patronized Banks.

Washington, May 5.—Preparing for another effort to repeal the Volstead Prohibition Enforcement act during consideration of the Sundry Civil Appropriation bill, Representative Gallivan, of Massachusetts, yesterday in the House insisted that prohibition had cut off revenues of $444,000,000 from the Government and had caused requests for appropriations of $50,000,000 for enforcement purposes. The Antisaloon League also had appealed for $27,929,300 for enforcement work, he said.

Gallivan's attack on the Prohibition law was filled with merry quips at the prohibitionists and members of the House were in a constant uproar as he unraveled his story.

"I am not surprised that Dan Roper resigned after the estimates for prohibition enforcement began to fall on his desk like the leaves of autumn," he said once.

The Puritans were strong for law observance, he said, but the laws in Massachusetts provided that the "tavern should be close to the meeting [illegible] the blueness out of their noses after sitting for two hours in a cold meeting house listening to a dull sermon," he added. That he must defend the Puritans against the prohibitionists who insist they are Puritans, was another statement.

"Do you know that among the Anglo-Saxons, a man who advocated a new law did so with a rope around his neck, thus signifying his willingness to die should it turn out a failure?" he asked. "Some students of present legislative tendencies have ironically suggested a revival of this ancient custom."

Gallivan, showing how serious crime had increased over the country, predicted that it was inevitable that the issue would get into the next campaign and on this issue, he said, the future President and future control of Congress might hinge.

FIELD AND TRACK MEET

Eighth District to Hold Affair May 15 at Leesburg

The regular Eighth District Field and Track Meet will be held at Leesburg this year. It will be held on May 15. The events will begin about one thirty, so all parties may catch a train for home the same day. The meet will be larger and better this year than ever. We hope to have many high schools entered. Blanks will be mailed out this week to all of the high schools of the district. If any school is not supplied with blanks write the chairman, D. P. Hurley, Leesburg, Va. Three entries will be allowed in each event, except in the relay and the four will be entered. I think the track is large enough to permit all contestants to run without any preliminaries. All entry blanks must be returned to me, filled out by May 13. It is probable that a band will be employed to lend excitement to the occasion. Let all schools come and help make it a success.

GLOOMY OUTLOOK

A decline in the production of the principal food crops during the present season impends, according to specialists at the Department of Agriculture. The result, it is held, will be a tendency toward high prices and scarcities.

A shortage of labor, as acute as in the war year of 1918, is primarily responsible. Reports show the supply of hired labor is 72 per cent of normal, and 15 per cent less than last year. This in spite of wage increases of 15 to 25 per cent in a year.

The situation is further complicated by the fact that wheat harvest is only a little more than a month away in the Central Grain Belt. Thousands of transient workers will be required, and State and Federal authorities are now devising ways to obtain them.

While it is expected acreages will be cut down because of the labor scarcity, these reductions will not be in as great proportion as the reduction in labor supply. Reports show farmers and their families are doing their utmost to overcome the difficulty. It is certain cultivation will be less intense this year than formerly, that more land will be planted to crops requiring a minimum of labor, such as grass, and that tilled fields will get less attention.

Four young men who had been arrested as suspicious characters were arraigned in the Alexandria Police Court this morning. They had been reared on Pennsylvania farms, but had hied themselves to Philadelphia, several years ago to work in shipyards. They were recently discharged, and had wended their way to this vicinity when they were told they could obtain employment at Camp Humphrey. This proved a delusion, and they tramped back to Alexandria. The quartette were dismissed, with the understanding they would work at the fertilizer works where men are wanted. An officer was detailed to escort them to the plant.

OPENS HEALING MISSION

Rev. Dr. Randolph H. McKim, rector of the Church of the Epiphany in Washington, and over forty years ago rector of Christ Church in Alexandria, opened a healing mission at his church yesterday morning with a short address on the purpose and hopes of the undertaking. He said: "Every parish in the church should be a healing mission. One whole diocese in the middle West has committed itself to the work. For my own part, I have felt from the first the force of this appeal, no tonly to preach, but to heal the sick. These two things were linked together in the early centuries in the Apostolic Church."

Over a hundred people from all walks in life and from all denominations and creeds attended the mission yesterday. The blind, deaf, lame and paralyzed were all drawn together by the everlasting human hope and belief that their ailments might be cured by faith and prayer.

Long before and since the days of Naaman the Syrian, many people have believed in supernatural cures of their ailments. Those who are inclined to deride the faith of such often suggest that the day of miracles has passed away. In answer to this it might be said that the day of faith has probably passed away. The following passages from holy writ show that those who have faith in the book so many of us profess to adopt have ample grounds for appealing to high heaven in their distress:

"Is any among you afflicted? let him pray. Is any merry? let him sing psalms. Is any sick among you? let him call for the elders of the church; and let them pray over him, anointing him with oil in the name of the Lord: and the prayer of faith shall have the sick, and the Lord shall raise him up; and if he have committed sins, they shall be forgiven him."

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. Millions of Boxes are sold annually at 10c and 25c. Take one or two nightly and note the pleasing results.

STOP ITCHING SKIN

Zemo, the Clean, Antiseptic Liquid, Gives Prompt Relief

There is one safe, dependable treatment that relieves itching torture and that cleanses and soothes the skin.

Ask any druggist for a 35c or $1 bottle of Zemo and apply it as directed. Soon you will find that irritations, pimples, blackheads, eczema, blotches, ringworm and similar skin troubles will disappear.

Zemo, the penetrating, satisfying liquid, is all that is needed, for it banishes most skin eruptions, makes the skin soft, smooth and healthy.

A THOROUGH TEST

One To Convince the Most Skeptical Alexandria Reader

The test of time is the test that counts.

Doan's Kidney Pills have made their reputation by effective action.

The following case is typical.

Alexandria residents should be convinced.

The testimony is confirmed—the proof complete.

Testimony like this cannot be ignored.

J. B. Mills, marine engineer, 212 S. Lee St., Alexandria, says: "I have taken Doan's Kidney Pills off and on many years for backache and other kidney trouble. I have always had fine results. A few of Doan's regulate my kidneys and strengthen my back if it feels at all weak and lame. I get Doan's at the Warfield Drug Store."

Mr. Mills gave the above endorsement, on April 18, 1915 and on March 17, 1919 he added: 'Doan's Kidney Pills are certainly fine. If my kidneys get out of order it only takes a few of Doan's to fix me up."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney pills—the same that Mr. Mills had. Foster Milburn Co., Mfgrs., Buffalo, N. Y.

DO YOUR HOUSEWORK WITH ELECTRICITY

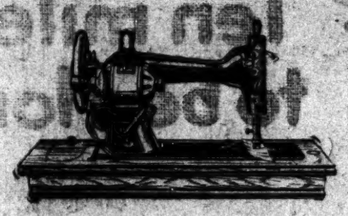
Hot weather will soon be here and with it comes the time when cooking and housework becomes a bane. Learn to do your cooking and housework electrically and you will escape all of the usual drudgery of summer housekeeping. We are headquarters for the largest line of electrical appliances in the city and we cordially invite you to inspect them before you buy. We will be glad to demonstrate any one of the articles mentioned below and a number of them will be put into your home on the trial plan. Just call us and we will be delighted to talk business with you.

WASHING & WRINGING MACHINE MAKES WASH-DAY PLEASANT

Put your clothes in the machine—push the button and go about your other work. In a short time, you can take your clothes out of the machine, spotless and without a particle of hard work on your part. We will be glad to arrange a demonstration in your home.

SEW ELECTRICALLY

This wonderful attachment to your own machine, means a big saving to you in time and labor, during the hot weather.



MAKE YOUR MORNING MEAL RIGHT WITH GOOD COFFEE & TOAST

The breakfast is the most important meal of the day. Get started right and the day will go fine.

Try percolated coffee made electrically and have your toast fresh—made right on the table.

FAN TIME WILL SOON BE HERE

And this is fan headquarters for the city. We have several makes—Westinghouse, Robbins & Myers and G. E. Fans at different prices.

...ave You Made Your Mother's Dreams Come True? Are You the Strong, Successful Iron Man She Expected You To Be?

...are Worry, Work and Ill-Health Sapping the Iron From ...r Blood and Robbing You of the Prizes that Come ...h Health and Success? Physician Explains Why Many Men of To-day Need the Help of

...UXATED IRON TO BUILD RED BLOOD

...at Gives Courage and Power To Go In and Win

Every Man Who Feels the Thrill of Mother-Love Owes it to Himself to Read the Accompanying Article.

...very mother has dreams for her son, whether it be the mother of the ...e-fighter of the statesman, she is ...lly proud when HE wins. She thinks ...HER struggle from the very start to ...rish the tiny babe into rugged boyhood—then to build up his health, brain ...brain to fight the battles of young manhood. She did HER best to teach ... what health and strength meant in the race for success, and the boy who ...able to hold fast to her teachings is ...y in a position of power.

...t there are thousands whose love for mother is just as deep—thousands who ...the white carnation on Mother's Day—and who never fail to write home—they would hesitate to answer the question, "Have You Made Your Mothers Dreams Come True?"—simply because the mad rush for the Success which they would make HER proud, they have ...ed up on one point. They have neglected the oft repeated words: "Look to Your Health First, My Boy." In pushing their ...al energies to the limit without the ...cal strength to back them up, they have ...ed worry, work and ill-health to rob ...ron from their blood and have made ...nervous and run-down. These men ...e anxious to get ahead as anyone else ...hey do not realize that iron is absolutely essential to the greatest development ...ysical and mental power. But in the ...and gear of modern days life, when ...l forces are constantly drawn upon, ...are without the sustaining strength ...ced by the nourishing foods and outdoor sports of boyhood days that kept up ...pply of iron in their blood. Unless ...supply this iron deficiency now, they ...d hope to have the rich, red blood that ...fires of energy through body and brain ...makes men get ahead. Yet, to take the ...g form of iron may prove worse than ...e and therefore physicians below explain ...why they prescribe only organic iron ...nated Iron—for red blood, strength and ...ance.

...is the men of blood and iron who ...orge ahead in the business and political ...of the country today," says Dr. T. ...nnis Wallace, a physician of many ...experience and formerly of the British ...Medical Service. "Without iron ...can be no strong, red-blooded men, ...unless this strength-giving iron is obtained from the foods we eat, it must be ...ded in some form that is easily absorbed ...assimilated. For this purpose I always ...mend organic iron—Nuxated Iron—for ...by enriching the blood and creating ...blood cells, strengthens the nerves, ...ilds the weakened tissues and helps to ...d renewed energy into the whole system ...ther a person is young or old. In my ...on, Nuxated Iron is the most valuable ...strength and blood-builder any ...ician can prescribe."

...John J. Van Horne, formerly Medical ...ector and Clinical Physician on the ...d of Health of New York City, says, ...help build stronger, healthier men and ...n, better able physically to meet the ...ems of everyday life, I believe that physicians should, at every opportunity, prescribe organic iron—Nuxated Iron—for in my experience it is one of the best tonic and red blood builders known to medical science."

...No matter what other tonics or iron ...remedies you have used without success ...if you are not strong as well as you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength and see how much you have gained. Nuxated Iron will increase the strength, power and endurance of delicate, nervous, run-down people in two weeks' time in many instances.

Manufacturers' Note: Nuxated Iron, which is prescribed and recommended by physicians and which is now being used by over three million people annually, is not a secret remedy but one which is well known to druggists everywhere. Unlike the older inorganic iron products it is easily assimilated and does not injure the teeth, make them black nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. It is discussed in this city by all good druggists.

What Are You Going to Do About Your Catarrh?

Improper Treatment Leads to a Serious Stage

Because you have doubtless been fairly comfortable through the mild summer months, and free from the soreness and irritation of the membranes, do not make the mistake of thinking that you are rid of your Catarrh. For if you suffered with this disease last winter, it will again be with you in all its severity unless you have eliminated entirely from the blood the germs which cause the disease.

Are you going to further temporize with a disease that leads to such a serious condition? Don't you know that you can use gallons upon gallons of local treatment without the slightest permanent benefit? Just give the matter a little careful thought and you will realize that it is but a waste of time and money, besides seriously jeopardizing your health, to continue a method of treatment that has proven of so little value in making any real progress toward genuine benefit.

First of all find out just what causes your Catarrh. If it was merely a local irritation and inflammation of the delicate linings of the nose, throat and air passages, then you might reasonably expect to be cured by the use of local remedies. But have you ever known of one single person to be freed from the slavery of Catarrh by any kind of local treatment?

Why? Simply because they have overlooked the cause of these symptoms, and hence the treatment has been misdirected. Remove the cause of the clogged up accumulations that choke up your air passages, and they will naturally disappear for good. But no matter how many local applications you use to temporarily clear them away, they promptly re-appear and will continue to do so until their cause is removed.

But if you will take a treatment that goes right down to the very source of the disease and attacks it at its starting point, then you are on the right track, and can expect results. S. S. Ten miles used to be a long way

WHAT a difference in these motor car days when every point in the county is hardly more than just around the corner.

People's ideas are changing, too.

They're beginning to figure out *how much it is costing them* to keep a car. And the man who is doing the greatest amount of figuring is the man with the *moderate priced* car.

II

There still seems to be a notion in some quarters that *any* tire is good enough for a small car.

That's not what the man who owns it thinks.

In recommending and selling U. S. Tires we are trying to see *his* side of the proposition—finding out what *he* wants in a tire and *giving him that.*

Large or small, U. S. Tires are built to *only one standard* of quality—the standard that produced the *first straight side* automobile tire, the *first pneumatic* truck tire.

Every tire that bears the name "U. S." is built the *best way* its makers know how. It isn't the car, but the *man who owns the car*, that counts with the oldest and largest rubber concern in the world.

IV

As representatives of U. S. Tires in this town, we offer you the benefit of our experience and advice in settling your tire problem.

Select your tires according to the roads they have to travel.

In sandy or hilly country, wherever the going is apt to be heavy—The U. S. Nobby.

For ordinary country roads—The U. S. Chain or Usco.

For front wheels—The U. S. Plain.

For best results—*everywhere*—U. S. Royal Cords.

CARDUI
A SPLENDID TONIC

"Mrs. Hixon, Lady, Why Did You Delay Advice? Took Cardui And Is Now Well."

Hixon, Tenn.—"About 10 years ago I was very ill. My doctor told me at his place, "I sufferd with a pain in my left side, could not sleep at night with this pain, always in the left side. My doctor told me to use Cardui. I took one bottle which helped me and after my baby came, I was stronger and better, but the pain was still. I at first let it go, but began to get weak and in a run-down condition, so I decided to try some more Cardui, which I did.

This last Cardui which I took made me much better, in fact, cured me. I have no return of this trouble.

I feel it was Cardui that cured me, and I recommended it as a splendid female tonic."

Don't allow yourself to become weak and run down from womanly troubles. It should surely help you, as it has helped thousands of other women in the past 40 years. Headache, backache, neuralgia, nervousness, tired-out feeling are all signs of womanly trouble which women have relief by taking Cardui. Why not you? All druggists.

BIDS CHILDREN GOOD-BY

Onancock, Va., May 4.—This community is distressed over the recent fate of five children.

Some years ago an English family named Mitchell settled at Exmore, near here. The mother died of influenza two years ago. After her death it was [illegible] Mitchell was unkind to [illegible] and they were taken [illegible] by the [illegible] for Homeless Children in Richmond. Their names were May, Claude, Arthur, George and Samuel. It is said for them to go to England where it is said the father is residing. [illegible] Mitchell.

The children were placed in homes at this place and Exmore. They grew fond of their foster parents and the latter returned the affection.

Last week guardians of the children were notified that passports had subjects, nothing could be done, so about tears the little and goodby to the homes that had been theirs for two years and left.

Their former guardians are despondent and worried, for the truth is sent the father is alleged is have given the children after the death of their mother augurs ill for their future, it is said.

MUFFINS and POPOVERS

From the New Royal Cook Book

BREAKFAST is too often eaten as a duty rather than a joy. The success of the day may depend upon the spirit of breakfast. The Royal Educational Department presents some breakfast dishes that will send the children to school with a hip hip hurrah and his majesty man to his daily duties with the "up and doing" feeling which knows no discouragement.

Muffins
2 cups flour
3 teaspoons Royal Baking Powder
1 tablespoon sugar
½ teaspoon salt
1 cup milk
2 eggs
1 tablespoon shortening

Sift together flour, baking powder, sugar and salt; add milk, well-beaten eggs and melted shortening; mix well. Grease muffin tins and put two tablespoons of batter into each. Bake in hot oven 20 to 25 minutes.

Eggless Muffins
2 cups flour
4 teaspoons Royal Baking Powder
2 tablespoons sugar
1 teaspoon salt
1 cup milk
2 tablespoons shortening

Mix and sift dry ingredients. Add melted shortening and beat until smooth. Bake in greased muffin tins in hot oven 20 to 25 minutes.

Corn Muffins
¾ cup corn meal
1¼ cups flour
4 teaspoons Royal Baking Powder
½ teaspoon salt
2 tablespoons sugar
1 cup milk
2 tablespoons shortening
1 egg

Sift together corn meal, flour, baking powder, salt and sugar. Add milk, melted shortening and well-beaten egg; mix well. Grease muffin tins and drop two tablespoons of mixture into each. Bake about 35 minutes in hot oven.

Popovers
2 cups flour
½ teaspoon salt
2 eggs
2 cups milk

Sift together flour and salt. Make a well in flour, break eggs into well, add milk and stir until smooth. Pour into hot greased gem pans and bake 25 to 35 minutes in a very hot oven. If taken out of oven too soon they will fall.

DO IT NOW

Look well ahead and while Health's vigor gives
Its joys to gild the Life man daily lives;
Forestall the Future, and Insure your Life;
Each day more dear to children and the Wife.
If morbid Fancis bids you plead delay
Now, "Do it now," and Wisdom's Voice obey.
Some Self-denial maybe it will take
Urged though, by Love, you'll do it for Love's sake.
Regrets come not, for Conscience sets its seal.
And Deeds, not Words, prove Life's affections real.
Now cares are lessened, and with quiet Content,
Calmly you face whatever fate is sent;
Evening steals on—the Evening Tide of Life,
All's well with you, the children and the wife.

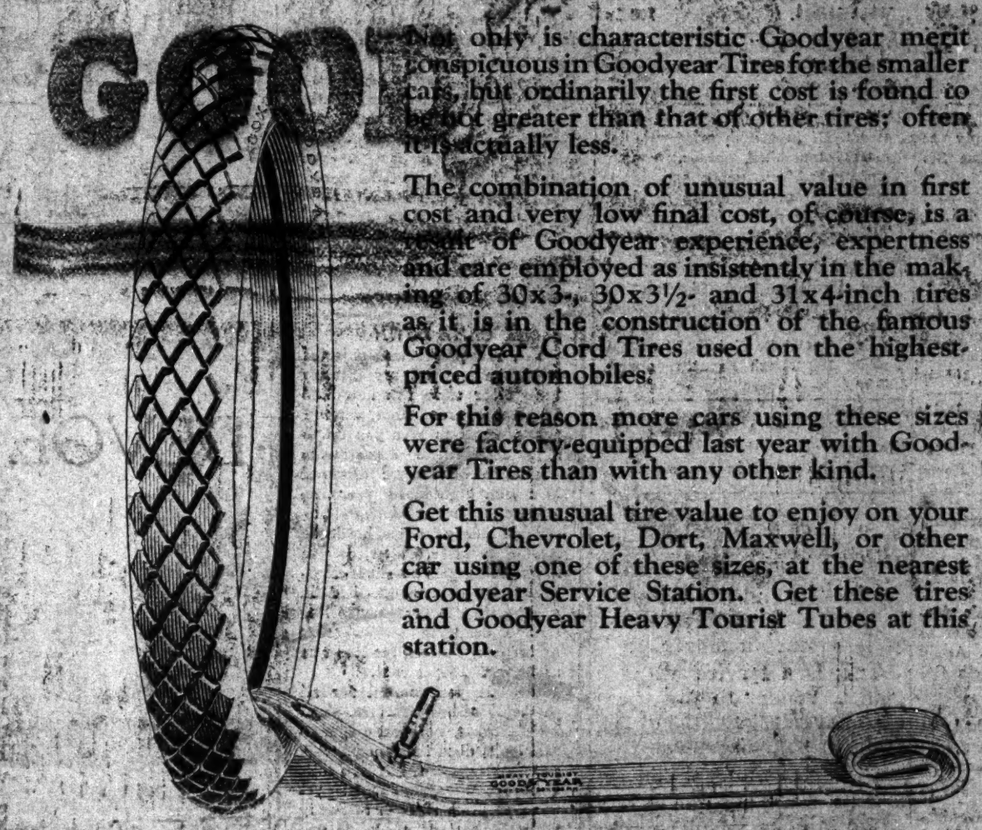
Unusual Value—In Tires for the Smaller Cars



Not only is characteristic Goodyear merit conspicuous in Goodyear Tires for the smaller cars, but ordinarily the first cost is found to be not greater than that of other tires; often it is actually less.

The combination of unusual value in first cost and very low final cost, of course, is a result of Goodyear experience, expertness and care employed as insistently in the making of 30x3-, 30x3½- and 31x4-inch tires as it is in the construction of the famous Goodyear Cord Tires used on the highest-priced automobiles.

For this reason more cars using these sizes were factory-equipped last year with Goodyear Tires than with any other kind.

Get this unusual tire value to enjoy on your Ford, Chevrolet, Dort, Maxwell, or other car using one of these sizes, at the nearest Goodyear Service Station. Get these tires and Goodyear Heavy Tourist Tubes at this station.

30x3½ Goodyear Double Cure Fabric All-Weather Tread $23.50
Cord Single Cure $21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size, in water-proof bags, $4.50
